Dear Josh:

As Gerry has probably told you, I am going to be one of the first, if not the first, formal visitor-participant of the new NSI Organization at your university. Lynn and I expect to arrive on January 23 and be there through February 20, participating in a number of activities with members of the NRP-NSI. We hope you will be around some of the time during our visit, and that we will get a chance to see you.

With very best wishes,

Sincerely yours,

Don
